

Appeals, Grievances and Complaint Tracking Module

Mirra's comprehensive Medicare Advantage Appeals, Grievances and Complaint Tracking Module creates and manages all types of Medicare Appeals and Grievances including Part B drugs, Part C, Part D, and a Complaint Tracking Module (CTM).

Features

Support for all required CMS case types, standard or expedited time frames, pre service or post service

Includes all required CMS Reports including Part C and Part D and Universe Reports

Round Robin case assignment based on case type

Integration with Enrollment, Authorization, and Claims systems

Real time dashboards containing graphic displays and tables

Manages escalation of Denied cases to the IRE or higher levels

Manages the execution of Approved and Overturned cases

Analysts can upload and attach documentation supporting the Appeal or Grievance request, including medical records

All required correspondence is generated and sent to members, authorized representatives, and providers, with letters in English or Spanish, with all letter templates approved by CMS

Benefits

Automatic Due Date/Due Time calculation based on the case type and priority

All case data, including generated letters and attached documentation, are stored in a centralized database

Detailed Case History is maintained from the moment a case is opened until it is closed

Customizable dropdown menus and screen layouts

Easily export Dashboards and Reports to Excel spreadsheets or PDF documents

Ability to attach documents and medical records helps to eliminate paper files, reducing operational costs
